Yale Secondary PAC Chair's Report 2025/2026 School Year

As we conclude another successful school year, I would like to take a moment to recognize and celebrate the many ways the Yale Secondary PAC has supported students, staff, and school programs throughout 2025/26.

Thanks to the continued generosity of Yale families, community supporters, fundraising initiatives, and the Provincial Gaming Grant, the PAC was able to provide funding for a variety of programs, clubs, activities, and student enrichment opportunities that directly benefited our school community.

Student Programs and Educational Support

This year, the PAC provided funding to enhance learning opportunities in the classroom by supporting the purchase of:

- Science Snap Circuit Kits to support hands-on STEM learning.
- Science Spectroscopes to expand student experiences in AP science education.

Student Scholarships

The PAC proudly awarded two \$500 scholarships to graduating Yale students. These scholarships recognize student achievement and support graduates as they pursue their post-secondary goals.

Student Clubs and Activities

Through Gaming Grant funding, the PAC supported numerous student clubs and extracurricular opportunities, including:

- Video Game Club
- Boys Club
- Chess Club
- Theatre Arts Club
- GSA Club
- Cub Club
- Library Programs
- Garden Club
- Tennis Club

These programs help create a welcoming and inclusive environment while providing students with opportunities to build skills, friendships, and leadership experiences outside the classroom.

Athletics and Intramurals

Supporting student wellness and school spirit continues to be a priority. This year PAC funding helped support:

- Track and Field
- Intramural activities
- Junior Boys Basketball jerseys
- Senior Boys Rugby jerseys

These investments ensure students have access to quality athletic experiences and the equipment needed to participate successfully.

School Culture and Special Events

The PAC was pleased to contribute funding toward several initiatives that strengthen school culture and foster belonging, including:

- Dry Grad celebrations
- Black Connections
- Canada Day in May activities

These events help create meaningful experiences and lasting memories for Yale students.

Staff Appreciation

Recognizing the dedication of Yale's staff remains an important part of the PAC's work. This year the PAC supported:

- Christmas Staff Appreciation treats
- Planning and funding for the year-end staff appreciation event

These gestures are a small way of thanking our incredible teachers, support staff, and administration for their commitment to our students.

Fundraising Success

The PAC continued to raise funds through family donations and fundraising initiatives such as the Purdys campaign. These efforts, combined with responsible financial stewardship, allowed the PAC to continue supporting a wide range of programs while maintaining a strong financial position for future years.

Thank You

On behalf of the Yale Secondary PAC, I would like to thank our parent community, volunteers, school administration, staff, and students for their ongoing support throughout the year. The success of the PAC is only possible because of the time, energy, and generosity of so many individuals who care deeply about enhancing the educational experience at Yale Secondary.

Together, we continue to make a positive difference in the lives of Yale students.
